## WRESTLING

### IN CONDITION FOR BATTLE

**Manuel Stern and Jack Torres**  
Both Near Strongest Fighting Weight; Old Albuquerque Boy Tough Contender; Shaffer Referee.

Both contenders for the local light weight belt will appear in the ring at the New Mexico Athletic club gymnasium, under the direction of the referee Mark Shaffer, next Monday, in perfect condition.

Manuel Stern, who has a knockout over Jack Torres, and the Old Albuquerque boy, who has a record of 10 wins and 2 losses, both are bearing their best fighting weight and their training will not end until tomorrow night. Stern was down to 125 pounds. He will probably tip the beam at 128 when he climbs over the ropes. Jack is near the 132 mark. He is strongest at this weight. They will meet at catchweights.

Torres in his workouts so far has proved that he still carries that sleep producer in his right arm. Jack also has shown improvements in his defensive work against the preliminary scrappers who are in his camp. Stern this week has shown the same speed which has secured him a win for him and the fact that his wallop has not lost any steam is evidenced in the champions of his training partners.

Stern will work out at 4 o'clock tonight, and the boys will finish their heavy work tomorrow night. The Old Town youth promises to give the Kid more trouble in retaining his title than he did at Santa Fe last spring. He has turned that right arm into a right arm and is able to show it across without a flash of warning.

Indications are that Director Levy will have to hang out the R. E. O. sign at the gymnasium Monday night. The gym has a seating capacity of only 300 and with the general admission at 25 cents it will be the case of the first coming getting in.

Aside from the fact that interest in the settlement of the light weight question locally is keen, both boys have a personal rivalry following which has served to enliven the interest in the event.

Harry Shaffer, the popular local heavyweight, has been asked upon by both parties for referee.

**SANTA FE ANXIOUS TO ENTER TEAM FOR LABOR DAY**

Manager of Ancient City Baseball Aggregation Declares His Men Have Never Yet Met Defeat.

Promoter Mowery has received a letter from Manager H. Lopez of the Santa Fe Grays in which Mr. Lopez expresses a desire to enter his team against an aggregation in New Mexico for a baseball game in connection with the Labor day program of sports.

"We have played six games this season," says the letter, "and we have yet to meet defeat. We are open to an engagement with any team in the state but would prefer to take on the unbeaten Belen club for the state championship on Labor day."

The manager of the Grays will take up the matter of securing an opponent for the Santa Fe aggregation at once, and it is safe to say that a first-class ball game will be a feature of the Labor day program.

**BASEBALL TAKING WITH THE JAPS**

All Japan is showing a growing interest in baseball, which is fast becoming the national sport of the country. Count Okuma, the veteran statesman; Baron Sakatani, mayor of Tokyo, and others equally prominent have thrown the opening balls at the annual contest in support of the baseball players from Leland Stanford university, California, and the nine from Keio and Meiji universities of Japan. When the Stanford boys were visiting Osaka, Tohru Okubo, governor of the prefecture, personally opened the series.

Governor Okubo is a brother of the present foreign minister, Baron Makino, and is a Yale man. He says he was one of the first players of baseball in Japan, which was played as early as 1855 in Tokyo, introduced by Americans in the employ of the government. Mr. Okubo names a number of prefectural governors and ministers of state as his old playmates. "At Yale," he declared, "I was an enthusiastic fan."

Baseball is not confined to the universities of Japan. There are no professional leagues, but athletic organizations in various parts of the empire have formed nine and the public is enthusiastic in support. The Stanford players were greatly impressed with the skill of the Japanese players, and declared that baseball, although peculiarly an American game, is admirably adapted to the Japanese, who are quick in their movements and quick thinkers on the diamond.

## FAST SEMI-WINDUP PLANNED FOR NEXT MONDAY

**Harry Atwood to Meet Classy Opponent Before the Chico-Chaves Mill—Chaves Delayed at Las Vegas.**

If the present plans of the management can be carried out satisfactorily, there will be some highly classy preliminaries to the Chico-Chaves fight which is to be staged at the Elks Casino on the night of August 1st, under the direction of the Moose club. It was stated today that for the semi-windup Harry Atwood, who has a record of 10 wins and 2 losses, will be matched with a boy who will be up to his class in every particular.

Chaves, who was scheduled to arrive here from Las Vegas last night, was delayed because of business matters in connection with the Newman-Yankum go. He will certainly be here on No. 1 this evening. It is stated, and will be accompanied by Spike Sanchez on the Vegas bantam, who on Thursday night put away Kid Muniz in two rounds.

Chaves has been doing a lot of hard training work for the Chico match. He is said, and will begin putting on the finishing touches at the Moose club tomorrow.

## BELÉN CHAMPS TO BATTLE HERE TOMORROW

**Old Town Browns, With Much Strengthened Line-up, Are Eager for Baseball Fray at Traction Park**

Advance indications are that the fans will be out in force at Traction park tomorrow afternoon to watch the clash between the undefeated Belen team and the Old Town Browns. Although the Browns have not announced their line-up, it is understood that the team has been strengthened sufficiently to keep the Belen boys on their toes every minute. Chaves will likely be in the box for the Old Town team, with Vandaveil behind the bat.

**New Mexico Land Fraud Charged.**  
Topeka, Kan., July 26.—Don A. Munday and L. D. W. Munday, his wife, were arrested on complaints charging the falsification of land mail in their efforts to sell New Mexican tracts in connection with the American Sugar Manufacturing and Refining company, an Oklahoma corporation. The government claimed the company owned no land and that the stock selling plan has netted nearly a half million dollars in Kansas and adjoining states. Some of the records of the company were seized in a raid by postoffice inspectors yesterday at the company's offices in Topeka.

At the same time, Munday and his wife were arrested on criminal charges of falsifying land mail. The government claimed the company owned no land and that the stock selling plan has netted nearly a half million dollars in Kansas and adjoining states. Some of the records of the company were seized in a raid by postoffice inspectors yesterday at the company's offices in Topeka.

**Gun Experts Go to Japan.**  
Vancouver, B. C., July 26.—Six expert ordnance engineers from two of the leading gun factories in England arrived here on their way to Japan, where they will take charge of ordnance work at a secret plant established by the Japanese at Maroon, on Hokkaido island. The government has its regular arsenal at Kobe, but the plant at Maroon where the British experts have been engaged, is for work of a special character.

The ordnance engineers, who declined to discuss their employment by the Japanese government, are Jackson P. Wilson, W. C. Paul, E. Sterling, C. Gibbs, and T. W. Brown.

**Knife Removes Crime Bump.**  
Oakland, Cal., July 26.—The aid of surgery was invoked today in an effort to cure a contended bad character operator when physicians trepanned the skull of C. Smith, accused of passing worthless paper on a Hayward saloon man.

A button was taken from the base of the brain removing pressure of the cerebrum, and this, it is expected by the physicians, will restore the man's mind to normal balance.

**Dyspepsia is America's curse.** To restore digestion, normal weight, good health and purity the blood, use Burdock Blood Purifiers. Sold at all drug stores. Price, 11.99.

**Diamond Ice—the best ice, made from distilled water. Phones 57-58.**

## State National Bank

### Of Albuquerque, N. M.

Organized April 19th, 1904.  
United States Depository

We opened this bank, confident in the belief that good service would bring good business. Our expectations have
